The MEA tonne for conventional cargo is in accordance with Montréal Port Authority Notice N-2 which is per 1,000 kilograms or one (1) cubic meter.

The MEA tonne for containerized cargo is on the basis of 1,000 kilograms.

The MEA fee for Modular Homes and Heavy Equipment is defined as per weight tonne of 1,000 kilograms. The rate is developed in conformity with a Montréal Port Authority rate of five (5) times the conventional rate per weight tonne.

In order to determine and identify the different cargoes handled, the following definitions will prevail:

# MARITIME EMPLOYERS ASSOCIATION ASSOCIATION DES EMPLOYEURS MARITIMES

<b>Container cargo:</b>	Cargo in any I.S.O. container received in any type of vessel or shipped in any type of vessel.
<b>Conventional cargo:</b>	Cargo loaded and unloaded on and from conventional vessels, generally known as breakbulk cargo.
<b>Conventional cargo on technologically advanced vessels:</b>	Cargo other than above carried in roll-on/roll-off vessels and cargo carried in other technologically advanced vessels defined by the Maritime Employers Association.
<b>Bulk grain:</b>	Grain delivered from an elevator.
<b>Bulk cargo:</b>	Bulk solids handled mechanically such as sugar, ore, etc.
<b>Automobiles:</b>	Automobiles and farm tractors not exceeding 2,725 kilograms in weight on wheels.
<b>Modular Homes or Heavy Equipment:</b>	Set-up and K.D. modular homes, rail and subway cars, rolling or floating industrial equipment, large agricultural equipment.
<b>Coastal container cargo:</b>	Coastal cargo in any I.S.O. container received in any type of vessel or shipped in any type of vessel.
<b>Coastal conventional cargo:</b>	Coastal cargo not defined as coastal container cargo.

Fees are payable only once from harbour, except goods that:

- a) are removed from and later re-shipped over Montréal Port Authority property,
- or
- b) are re-shipped over Montréal Port Authority property after being altered in form or composition on Montréal Port Authority property.

Fees are not payable on cargo discharged from self-unloading vessels at a port in the Province of Québec having been loaded at another port in the Province of Québec (intra-provincial cargo).

The party responsible for the payment of all fees will be the company who pays the stevedoring contractor.

The responsibility for the collection and remittance to the MEA of all fees will be with the vessel's

agent except in the case of F.I.O. shipments where special arrangements, as outlined below, will be made.

Certain regular F.I.O. shippers have been approved to pay fees directly to the Association, based on a letter of understanding signed with the Association.

Where a member of the MEA is acting as agent for the cargo interest involved on F.I.O. shipments, then, in such cases, that agent will be responsible for the collection and remittance of fees.

With respect to other F.I.O. shipments, the contracting stevedore and vessel's agents will both be required to notify the Association prior to the handling of the cargo involved so that arrangements can be made to ensure the collection of fees. This will take the form of either:

- (i) the shipper signs a letter of understanding with the Association, in which case such a shipper will be added to the list referred to above;
- or,
- (ii) the shipper placing the Association in funds for the estimated fees prior to work commencing.

In the case of non-member agents handling cargo in the Port of Montréal, the contracting stevedore will be required to notify the Association prior to the handling of these vessels so that arrangements can be made to ensure the collection of fees. The non-member will be required to place the Association in funds for the estimated fee prior to work commencing.

Under current rules, export cargo is to be paid within seven (7) days of completion of the vessel, while import cargo is billed directly from this office.

The terms of payments for both import and export cargo are within seven (7) days of completion of the vessel, and we would ask you to continue as heretofore to send in your tonnage declaration and cheque within the seven-day period.

The collection procedure includes an interest penalty of 1.5% per month, or part thereof, to be charged in those instances where members exceed the prescribed time limit.

This circular letter cancels Circular Letter N° 2174 dated March 22, 2023.

Yours truly,

A handwritten signature in blue ink that reads 'Chantal Lefebvre'.
